Dr. Brownstein's Blog on IV Treatments

There Is Still Hope Out There- Don: "I was seriously surprised as to how quickly it (IV) worked."

Folks, I want to thank all of you for your comments on my blogs and Facebook posts. Whether you are in agreement with my point of view, on the fence, or a naysayer, this is what keeps these important dialogues going.

Yes, this pandemic is real; however, so are the results of the of nutritional therapies to strengthen the immune system. I AM TELLING YOU, THERE IS STILL HOPE OUT THERE!

My patient, Don and his wife, have been sick all week. They did not get tested for COVID19, but they had severe flu-like symptoms with high fevers, coughing and shortness of breath. I spoke to Don earlier today to check in on them. Click on the link below and hear Don's testimonial on how they are doing after receiving holistic IV treatments at my office. You can be the judge!
