

Dr. Brownstein's Blog on Andre's Testimonial

There Is Still Hope Out There- Andre: "It was a remarkable recovery."

"It was a remarkable recovery, going from a death bed to feeling almost 100%"

This is a quote from my long term patient, Andre from Boston, who I diagnosed as COVID positive. Andre had a fever, severe diarrhea, and body aches that were painful to the touch. Watch Andre's emotional testimonial as he talks about his recovery by strengthening his immune system with high doses of vitamins A, C, D & iodine, nebulization, as well as at-home ozone therapy administered by his wife.

To All Our Health!

David Brownstein, MD is a conventionally trained Board-Certified Family Physician with the additional overlay of holistic principles.

While Dr. Brownstein does not claim to have a cure for any illness, he does believe that we can enhance the individual's immune system by supporting the 'host' & the terrain of the host. The human body is well designed and the immune system, when given the proper support, can optimally function.
